Dear Chief Martin,

I hope all is well.

We've recently debuted FACIAL RECOGNITION software on our robots. Combined with MAC address detection and License Plate Recognition, we're able to positively impact public safety, security and workplace violence programs like never before. I'd like to provide you with additional details on a call Monday at 9:00 AM or Tuesday at 1:00 PM. Please let me know if one of those times will work for you.

Best regards,

Jason M. Gonzalez
